## International Society of Hair Restoration Surgery

#### HISTORY

The modern concept of hair restoration surgery (HRS) was introduced by Norman Orentreich, MD, in 1959. His new procedure provided a reliable method for restoring hair growth in bald areas of the scalp; however, his technique remained essentially unchanged for more than 20 years, with only modest advancements and refinements. By 1990, the value of an international professional society was recognized by leaders in hair restoration surgery around the world: a society that would help hair restoration specialists share scientific and clinical knowledge and assure that scientific, clinical and ethical standards of HRS are maintained at the highest professional level. From this recognized need, the idea of ISHRS was born.

The Society was launched and incorporated on April 29, 1993, as the International Society of Hair Surgeons. The Society changed its name in May 1994, to the present, International Society of Hair Restoration Surgery (ISHRS).

The three pillars of the ISHRS are education, research, and collegiality. The annual world congress, live surgical workshops, and the *Hair Transplant Forum International* publication (a.k.a., the Forum) continue to flourish. These activities provide an international forum for information exchange and rapid diffusion of new and innovative surgical techniques and instrumentation technology.

The *Forum* was conceived and privately published by O'Tar T. Norwood, MD, of Oklahoma City in September 1990. Dr. Norwood sold the Forum to the ISHRS in 1995 and generously gifted back the purchase price to the Society to establish a Foundation Fund. This fund is used to help finance education and hair research projects.

A renaissance in hair transplantation surgery was set into motion by the ISHRS. The multidisciplinary, international membership of the ISHRS became a critical mass for an explosion of innovation in hair transplantation surgery. The creation of the natural and virtually undetectable hair transplant by use of microsurgery techniques is one of the developments that emerged from this period of ISHRS growth.

We salute the members, volunteer leaders, staff, industry partners and corporate supporters for their dedication and hard work over the years...**in advancing the art and science of hair restoration surgery!**

Founded in 1993, the membership of the society consists of more than 1,000 members in over 70 countries around the world. The society could not be what it is today if not for the support and participation of our members. Together we have promoted the highest standards of medical practice, medical ethics and research in the hair restoration industry. I would like to sincerely thank all of you.

Our Membership Directory is for your personal use and will aid you in contacting your colleagues around the world. Also, you will be able to find current listings of committees, board members, directors of ISHRS Fellowship Training Programs, past awardees and special-named lecturers, the ISHRS Bylaws and Code of Ethics, and other useful information about our society.

Please make use of the Membership Directory and stay in touch with your colleagues.

## URGENT: CONSUMER ALERT!

# Seeking Hair Restoration Surgery?

Be sure that a properly  
trained licensed  
physician\* is responsible  
for your treatment.

*The International Society of Hair Restoration Surgery (ISHRS) is concerned about the growing risk to patients of unlicensed technicians performing substantial aspects of hair restoration surgery. The use of unlicensed technicians to perform aspects of hair restoration surgery which should only be performed by a properly trained and licensed physician\* places patients at risk of:*

*(I) misdiagnosis;  
(II) failure to diagnose hair disorders and related systemic diseases; and  
(III) the performance of unnecessary or ill advised surgery all of which jeopardizes patient safety and outcomes. There may also be a risk that unlicensed technicians may not be covered by malpractice insurance.*

The ISHRS believes the following aspects of hair restoration surgery should only be performed by a licensed physician\*:

- Preoperative diagnostic evaluation and consultation
- Surgery planning
- Surgery execution including:
  - Donor hair harvesting
  - Hairline design
  - Recipient site creation
- Management of other patient medical issues and possible adverse reactions
- Post-operative care

## FALSE ADVERTISING CLAIMS!

**There is no such thing as "scarless surgery"  
in hair transplantation.**

Lastly, the ISHRS is concerned about false and exaggerated advertising claims related to hair restoration surgery such as "scarless surgery" or the claim that the surgery can be completely performed by a machine.

The fact is that any incision whether by machine or hand that enters the skin beyond the most superficial of depths causes a scar to form, and there is currently no machine capable of automatically performing all the aspects of the hair restoration surgery. Available technology can only assist trained surgeons performing hair restoration surgery.

To help ensure patients have information needed to make informed decisions about who performs their hair restoration surgery, **the ISHRS urges potential patients to ask the following questions** as well as questions regarding costs, risks, and short and long-term benefits and planning:

## Patients Should Ask These Questions

1. Who will evaluate my hair loss and recommend a course of treatment? What is their education, training, licensure, and experience in treating hair loss?
2. Who will be involved in performing my surgery, what role will they play, and what is their education, training, licensure, and experience performing hair restoration surgery?
3. Will anyone not licensed by the state be making incisions or harvesting grafts during my surgery? If so, please identify this person, explain their specific role and why they are legally permitted to perform it.
4. Is everyone involved in my surgery covered by malpractice insurance?

**Be your own best advocate.  
Protect yourself.**

## REGARDING MISLEADING AND IMPROPER MESSAGING

The International Society of Hair Restoration Surgery (“ISHRS”) understands the importance of the public being informed about hair restoration surgery and the causes and scientifically proven therapies for hair loss, and recognizes many patients are misled by false or confusing messages marketed by hair restoration surgeons.

Accordingly, the ISHRS developed the Improper Messaging list below to help: (i) protect patients seeking hair restoration surgery by providing a list of items that should raise red flags; and (ii) its members avoid prohibited, improper, potentially misleading, and/or confusing messages and advertisements.

### IMPROPER MESSAGING

#### A. Misrepresenting Credentials and Violating Intellectual Property Rights.

The following publications are fraudulent, mislead the public, and violate various state and federal laws:

1. **Inaccurate Credentials.** Incorrectly claiming to be certified by the American Board of Hair Restoration Surgery (“ABHRS”) or claiming to be a member or Fellow of the ISHRS, and otherwise stating or suggesting any expertise in hair restoration surgery that is false.
2. **Misrepresenting Board Certification.** Members should identify their specific medical specialty certifying board when marketing their board certification in the public domain. Members may not claim to be board certified by the ISHRS, or to make an inference of the same. Language such as “board certified hair restoration surgeon” is not acceptable.
3. **Misrepresenting Photographs.** Publishing photographs of other physicians’ patients in any manner that states or suggests they are patients of the publishing practice.
4. **Copyright/Trademark Violations in General.** Republishing or otherwise representing the photographs, publications, tradenames, logos, or other trademarks of another practitioner without permission in violation of the owner’s copyrights and/or trademarks.
5. **ISHRS Trademark Violations.** Republishing or otherwise representing the ISHRS’s photographs, publications, name, logos and other trademarks in any manner inconsistent with the ISHRS’s Trademark Use Policy (e.g., use of Fellows Logo by non-Fellow members; use of Members Logo by anyone other than Full Members; any individual using the ISHRS’s Logo).

#### B. Improper Use of Staff.

The following practice may mislead the public and violate various state and federal laws.

6. **Unauthorized Practice of Medicine.** Unlicensed, non-physicians performing surgical procedures.
7. **Lack of Informed Consent.** Non-physicians participating in hair restoration procedures without the patient’s informed consent.

#### C. Misleading Language.

Use of the following terms and phrases in marketing by a hair restoration surgeon may mislead the public and violate various state and federal laws.

8. “Scarless surgery”
9. “No incision”
10. “No touch”
11. “No cutting”
12. “Cloning”
13. “Hair multiplication”
14. “Non-invasive”
15. “Eliminates the need for additional procedures”
16. “Pain free”

## HAIR LOSS DIAGNOSIS COURSE FOR THE NON-DERMATOLOGIST

# What You MUST Know If You Are Performing Hair Transplantation Surgery

- ▶ Over 3.5 hours of lectures and discussion
- ▶ Recorded at the ISHRS 2017 World Congress Prague
- ▶ No CME credits issued for watching this course
- ▶ Internet/online video files.

### LEARNING OBJECTIVES

- Extends anagen duration
- Inflammation/oxidative stress reduction
- Triggers hair stem cell regeneration

### Lichen Planopilaris

- ▶ Band-like 'lichenoid' inflammation at infundibulum of hair follicle and the attached sebaceous gland

# ISHRS Annual Giving Fund

Dear ISHRS Colleague,

On behalf of the International Society of Hair Restoration Surgery and its Annual Giving Fund, I want to **thank you for your continued support** of the ISHRS and its programs. So many of you invest countless hours volunteering – educating your peers, serving on committees, helping pro bono patients through the Operation Restore program, and in other capacities.

In 2019, a large portion of the donations—for those who earmarked it—will be used for our **Black Market Awareness Campaign**. In addition, we will continue to fund **Operation Restore** and important **educational initiatives**. No donation is too small, and all are greatly appreciated.

## PLEASE CONSIDER DONATING

For those who have not yet contributed, it is easy to support the ISHRS's Annual Giving Fund. If you choose to donate for 2019, please complete the **online donation form** by going to:

<http://www.ishrs.org/content/ishrs-annual-giving-fund>.

Or, if you prefer, you can **contact Kimberly Miller** at the ISHRS headquarters office at [agf@ishrs.org](mailto:agf@ishrs.org) with your credit card information and donation amount.

New donors will receive a **lapel pin**, and we ask you to wear it proudly at the ISHRS meetings. Those who make a 2019 charitable contribution to the AGF at the **Trustee or Leadership Circle levels** will receive two complimentary tickets to the Gala in their World Congress registration packets and will be acknowledged during the Gala Dinner in Bangkok, Thailand.

**Thank you** for your consideration of a gift to the Annual Giving Fund.

Most sincerely,

John D.N. Gillespie, MD, FISHRS, Chair  
ISHRS Annual Giving Fund

## INTERNATIONAL SOCIETY OF HAIR RESTORATION SURGERY MEMBERSHIP AGREEMENT

By becoming an International Society of Hair Restoration Surgery ("ISHRS") member, you agree to be bound by this Membership Agreement which forms a legally enforceable contract between the ISHRS and you. If you do not wish to be bound or intend to abide by this Agreement, you should not sign this Agreement. However, if you do not sign this Agreement, you will not be permitted to become or continue as an ISHRS member.

The ISHRS is a nonprofit corporation, exempt from U.S. federal income tax pursuant to Internal Revenue Code Section 501(c)(3), organized and operated exclusively for charitable, educational, literary, and scientific purposes. As further explained by its Bylaws, the ISHRS's purpose is to advance the art and science of hair restoration by licensed, experienced physicians who are qualified to practice this type of medicine and who will do so with the highest degree of skill and artistry; to encourage the free interchange of ideas, knowledge, and experience among its members in order to maintain the skills and artistry of those members at the highest possible level of skill and knowledge; to encourage professional excellence and to promote amicable relations among the members; and to encourage continuing medical education in hair restoration surgery ("Exempt Purpose"),

In consideration for being granted membership in the ISHRS, you agree as follows:

- 1. Membership.** As an ISHRS member, you will enjoy the rights and privileges identified in the ISHRS's Articles of Incorporation, Bylaws, and/or other policies. The ISHRS may alter member rights, privileges, and responsibilities in its discretion and without any liability to you.
- 2. Dues.** You agree to pay all dues established by the ISHRS in the manner and within the time specified by the ISHRS.
- 3. Governing Documents Adherence.** You agree to abide by the ISHRS's Articles of Incorporation, Bylaws, Code of Ethics, Code of Ethics Disciplinary Procedures, Alert Regarding Misleading and Improper Messaging, and other ISHRS policies, procedures, and rules (collectively "Governing Documents"). Without limiting the foregoing, you agree the ISHRS may discipline you as provided in the Governing Documents.
- 4. Disclaimer.** You agree your ISHRS membership and any goods and services provided by the ISHRS in connection therewith (collectively "Services") are provided AS-IS without any representations or warranties of any kind or nature express, implied, or statutory. The ISHRS disclaims all representations and warranties, express, implied, and statutory, including, but not limited to, any implied warranties of merchantability, fitness for a particular purpose, workmanship, and non-infringement to the fullest extent permitted by applicable law.
- 5. Defense, Indemnification, and hold harmless.** You shall defend, indemnify, and hold harmless the ISHRS and its directors, governors, officers, employees, volunteers, agents, and other representatives and contractors (collectively "Indemnified Parties") against all claims, demands, actions, causes of action, losses, damages, costs, and expenses of any kind (including, without limitation, legal fees and costs), directly or indirectly resulting from, arising out of, or in any way related to your ISHRS membership.
- 6. Waiver of Liability.** YOU HEREBY WAIVE ANY AND ALL CLAIMS, ACTIONS, CAUSES OF ACTION, LOSSES, AND DAMAGES OF ANY KIND OR NATURE, YOU MAY HAVE AGAINST THE ISHRS AND/OR THE INDEMNIFIED PARTIES DIRECTLY OR INDIRECTLY RESULTING FROM, ARISING OUT OF, OR IN ANY WAY RELATED TO YOUR MEMBERSHIP IN THE ISHRS INCLUDING, BUT NOT LIMITED TO, ANY DISCIPLINE IMPOSED ON YOU BY THE ISHRS. THIS WAIVER OF LIABILITY APPLIES TO ALL CLAIMS, ACTIONS, CAUSES OF ACTION, LOSSES, AND DAMAGES OF ANY KIND OR NATURE WHATSOEVER, INCLUDING, BUT NOT LIMITED TO, DIRECT, INDIRECT, GENERAL, SPECIAL, INCIDENTAL, CONSEQUENTIAL, EXEMPLARY, STATUTORY, CONTRACTUAL, OR DAMAGES OR LOSSES OF ANY OTHER KIND OR TYPE. THIS WAIVER OF LIABILITY APPLIES WHETHER THE ALLEGED LIABILITY IS BASED ON CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY, OR ANY OTHER BASIS AND EVEN IF THE INDEMNIFIED PARTIES KNEW OR SHOULD HAVE KNOWN OF THE POSSIBILITY OF SUCH DAMAGES. THIS WAIVER OF LIABILITY SHALL BE ENFORCEABLE TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW.
- 7. Attorney's Fees and Costs.** Should the ISHRS require an attorney to: (i) defend any claim, action, or cause of action brought by you or by a third party regarding your ISHRS membership or conduct; and/or (ii) enforce the ISHRS's rights under this Agreement, the ISHRS shall be entitled to recover reasonable attorney's fees and any related fees and costs incurred by the ISHRS in connection therewith.
- 8. Governing Law and Choice of Forum.** This Agreement was entered into in the State of Illinois, and shall be governed by and construed in accordance with the substantive laws of the State of Illinois, excluding its choice of law rules. Any dispute arising out of this Agreement shall reside in either Cook County Circuit Court or the United States District Court for Northern Illinois.
- 9. Miscellaneous.** If any provision of this Agreement is unenforceable, the unenforceability of that provision shall not affect the enforceability of any other provision. If the ISHRS agrees to waive its right in a particular instance to enforce any term of this Agreement, it does not waive its right to enforce such term at any other time. This Agreement constitutes the entire agreement between the ISHRS and you regarding the subject matter hereof. There are no representations, understandings, or agreements that are not fully expressed in this Agreement. All prior agreements, verbal or written, are no longer effective. Provisions 4 through 9 shall survive the termination of your ISHRS membership.

## APPENDIX 1

In furtherance of its Exempt purpose, the ISHRS has also adopted the “[ISHRS Position Statement on Qualifications for Scalp Surgery](#)” (inserted below) in an effort to encourage professional excellence and patient safety in hair restoration surgery.

### ISHRS Position Statement on Qualifications for Scalp Surgery

The position of the International Society of Hair Restoration Surgery is that any procedure involving a skin incision for the purpose of tissue removal from the scalp or body, or to prepare the scalp or body to receive tissue, (e.g., incising the FUE graft, excising the donor strip, creating recipient sites) by any means, including robotics, is a surgical procedure. Such procedures must be performed by a properly trained and licensed physician\*. Physicians who perform hair restoration surgery must possess the education, training, and current competency in the field of hair restoration surgery. It is beyond the scope of practice for non-licensed personnel to perform surgery. Surgery performed by non-licensed medical personnel may be considered practicing medicine without a license under applicable law. The Society supports the scope of practice of medicine as defined by a physician's state, country or local legally governing board of medicine.

*Adopted by the Board of Governors, 11/15/2014*

\*or in countries where it is allowed, a medically-licensed allied health professional practicing within the scope of his or her license.

**By signing, you represent that you acknowledge the ISHRS Position Statement on Qualifications for Scalp Surgery establishing the “best practices” standard of the ISHRS; and that you are conducting your own medical practice consistent with this standard and/or you delegate duties to technical and professional staff in accordance with medical laws applicable in your own state, region, country, or territory.**

## APPENDIX 2

In furtherance of its Exempt purpose, the ISHRS has also adopted guidelines to help members avoid what can be universally considered as misleading and improper messages. **The following are considered misleading and improper. Websites and marketing materials will be reviewed to assure these are not included.**

### ALERT REGARDING MISLEADING AND IMPROPER MESSAGING

The International Society of Hair Restoration Surgery (“ISHRS”) understands the importance of the public being informed about hair restoration surgery and the causes and scientifically proven therapies for hair loss, and recognizes many patients are misled by false or confusing messages marketed by hair restoration surgeons.

Accordingly, the ISHRS developed the Improper Messaging list below to help: (i) protect patients seeking hair restoration surgery by providing a list of items that should raise red flags; and (ii) its members avoid prohibited, improper, potentially misleading, and/or confusing messages and advertisements.

#### IMPROPER MESSAGING

- A. Misrepresenting Credentials and Violating Intellectual Property Rights.** The following publications are fraudulent, mislead the public, and violate various state and federal laws:
1. **Inaccurate Credentials.** Incorrectly claiming to be certified by the American Board of Hair Restoration Surgery (“ABHRS”) or claiming to be a member or Fellow of the ISHRS, and otherwise stating or suggesting any expertise in hair restoration surgery that is false.
  2. **Misrepresenting Board Certification.** Members should identify their specific medical specialty certifying board when marketing their board certification in the public domain. Members may not claim to be board certified by the ISHRS, or to make an inference of the same. Language such as “board certified hair restoration surgeon” is not acceptable.
  3. **Misrepresenting Photographs.** Publishing photographs of other physicians’ patients in any manner that states or suggests they are patients of the publishing practice.

No member of the Nominating Committee is eligible for election as an officer or elected Governor. In making each nomination, the Committee shall seek individuals who possess the backgrounds, education, training, and experience that will best advance the Society's purpose. Prior to making a nomination, the Nominating Committee shall: (i) at least one-hundred and fifty (150) days before an election, request the names of potential nominees from the Voting Members; (ii) between 120 days and ninety (90) days before the election: (a) consider the names of potential nominees received from the Voting Members as well as other potential nominees; (b) confirm the qualifications of any potential nominee; (c) make available to all potential nominees copies of the Society's governing documents, including the Society's Articles of Incorporation, Bylaws, Code of Ethics, and Conflict of Interest Policy; (d) inform potential nominees of the duties of the positions for which they are being considered; and (e) obtain from potential nominees a signed acknowledgement stating: (1) they reviewed and understand the duties of the position for which they are being considered; (2) they are qualified and willing to serve in the position for which they are being considered; (3) they will, if elected, perform to the best of their abilities, the duties of the position for which they are being considered; (4) they have reviewed and understand the Society's governing documents, including the Society's Articles of Incorporation, Bylaws, Code of Ethics, and Conflict of Interest Policy and shall abide by the same; and (5) they shall complete and return to the Society the Conflict of Interest Disclosure Statement by the due date established by the Board, and, if they fail to do so, they knowingly and voluntarily resign.

The Nominating Committee shall recommend a slate of candidates ("**Slate**") to the Board on or before ninety (90) days before an election for its consideration and approval. After the Slate is approved by the Board, but not later than sixty (60) days before the election, the Nominating Committee shall submit the Slate to the Voting Members for consideration.

Alternate nomination petitions, including the names of proposed alternate candidates to any or all of those contained in the Slate, signed by no less than twenty percent (20%) of the total number of Voting Members, will be accepted between sixty (60) and thirty (30) days before the election. For purposes of this paragraph, the total number of Voting Members is determined as of thirty (30) days before the election. Alternate nomination petitions must be submitted to the Society's headquarters, in the form designated by the Nominating Committee. The Society shall maintain the form for alternate nomination petitions at the Society's headquarters. The Society shall make alternate nomination petitions available to a Voting Member upon request.

If a valid alternate nomination petition is timely received by the Society, a contested election is held at the annual meeting of the Voting Members for each office and Governor position for which at least one (1) individual was nominated by the Slate and one (1) individual was nominated by a valid alternate nomination petition.

An uncontested election is held at the annual meeting of Voting Members if no valid alternate nomination petitions are timely received, or if a valid alternate nomination petition is received, for any officer or Governor position for which there is only one nominee. Floor nominations are not permitted. The meeting chair shall ask the Voting Members to elect all uncontested nominees by acclamation.

5. Ethics Committee. The Ethics Committee shall consist of five (5) members. The number of Committee members may be increased or decreased from time to time by the Board, but in no event shall the Committee be less than three (3) members. The Committee shall receive and address ethics complaints against Society members in accordance with the Society's Code of Ethics Disciplinary Procedures. The Committee's duties, responsibilities, and manner of action will be set forth in, and governed by, the Code of Ethics Disciplinary Procedures.
6. Past-Presidents Committee. The Past-Presidents Committee consists of past-presidents of the Society, who have retained their membership, and opt-in to the Committee in a given year. The past-president who served most recently as Immediate Past-President serves as the Past-Presidents Committee Chair. The Past-Presidents Committee shall: (i) provide recommendations on specific matters, as requested by the Board; (ii) nominate the past-president Governors; (iii) select four (4) past-presidents to serve on the Nominating Committee; (iv) advise on member memorials; and (v) perform such other duties and responsibilities as may be assigned by the Board.

An uncontested election is held at the annual meeting of the Voting Members for each individual nominated as a past-president Governor. Floor nominations are not permitted. The meeting chair shall ask the Voting Members to elect the past-president nominee by acclamation.

C. Governance Provisions Applicable to Committees.

1. Terms. Committee member terms shall commence on the date the committee member is appointed and end at the meeting of the Board, held in conjunction with the annual meeting of the members.
2. Resignation or Removal. A committee member may resign at any time by providing written notice to the Secretary of the Society. A committee member may be removed by the President or Board for any reason, or no reason, at any time. A committee member who fails to return to the Society a completed Committee Acceptance Form, by the due date established by the Board, or fails to attend two (2) consecutive committee meetings, without the subject committee's approval, shall be deemed to have resigned from the committee.
3. Vacancies. Vacancies in the membership of any committee shall be filled by appointment by the President or the Board.
4. Chair. To the extent these Bylaws or the resolution establishing a committee does not identify a chair for the committee, the President shall designate the chair for the committee. In the absence of a designated chair, the committee members in attendance at a meeting of the committee shall select a chair for that meeting, from among those committee members present.

5. Meetings. Regular meetings of a committee may be established by the Board or the committee. Other committee meetings may also be called by the Board, the President, the committee chair, the Executive Director, or by a majority of the committee members.
6. Notice. Written notice of any committee meeting shall be delivered at least two (2) days in advance of any meeting.
7. Waiver of Notice. Notice of any committee meeting may be waived in writing, signed by the person or persons entitled to the notice, either before or after the time of the meeting. The attendance of an individual, at any meeting, shall constitute a waiver of notice of such meeting, except when the individual attends a meeting for the express purpose of objecting to the transaction of any business because the meeting is not lawfully called or convened.
8. Quorum. A majority of a committee shall constitute a quorum, unless otherwise provided in these Bylaws or in a resolution establishing a committee.
9. Manner of Acting. The act of a majority of the committee members present at a meeting, at which there is a quorum, is the act of the committee, unless the act of a greater number is required by statute, these Bylaws, or the Articles of Incorporation.
10. Participation at Meetings by Telephone. A committee member may participate in and act at any meeting of a committee through the use of a telephone or other communications equipment, by means of which all persons participating in the meeting can communicate with each other. Participation in such meeting shall constitute attendance and presence in person at the meeting of the person or persons so participating.
11. No Proxy Voting. No committee member may act by proxy on any matter.
12. Presumption of Assent. A committee member present at a meeting at which action is taken is presumed to have assented to the action taken, unless his/her dissent is entered in the minutes of the meeting or unless he/she files a written dissent to such action with the person acting as the secretary of the meeting before the meeting's adjournment, or forwards the dissent by registered or certified mail to the Secretary of the Society immediately after the meeting. Such right to dissent shall not apply to a committee member who voted in favor of the action.
13. Minutes. Minutes shall be kept of each committee meeting as directed by the Board. The secretary of the meeting shall ensure that draft minutes for each meeting are prepared and distributed to each committee member in advance of the subsequent committee meeting. The committee shall review, if necessary, revise, and approve the minutes at the subsequent meeting of the committee. Once approved, a copy of the minutes shall be provided to the Secretary of the Society to be filed in the Society's corporate records.
14. Informal Action. Any action that is required or may otherwise be taken at a committee meeting, may be taken without a meeting if a consent in writing, setting forth the action so taken, is signed by all of the committee members. The consent shall be evidenced by one (1) or more written approvals, each of which sets forth the action taken and provides a written record of approval. All the approvals evidencing the consent shall be delivered to the Secretary of the Society to be filed in the corporate records. The action taken is effective when all of the committee members approve the consent, unless the consent specifies a different effective date.
15. Compensation. Except as otherwise expressly stated in these Bylaws, in a resolution establishing a committee, in a committee charter approved by the Board, or by separate Board resolution, committee members are not compensated for their services as a committee member.
16. Annual Board Report. At least annually, and in addition to any other reporting responsibilities of the committee, each committee shall provide a written report to the Board describing its activities during the previous year along with recommendations, if any, applicable to its activities.
17. Guidelines and Rules. The Board may adopt additional guidelines or rules for a committee as it deems necessary and appropriate. Each committee may adopt rules for its own governance, not inconsistent with the Articles of Incorporation, these Bylaws, a resolution establishing the committee, or any charter, guidelines, or rules adopted by the Board for the committee.
18. Authority of the Board. The Board may at any time dissolve, reconstitute, alter, remove a member of, or take any other action with regard to a committee, which the Board determines to be in the Society's best interest.

2. Other than with respect to discipline arising out of a member's violation of the Society's Code of Ethics (which is governed by the Society's Code of Ethics Disciplinary Procedures), discipline, which shall include, but not be limited to, censure, suspension, and/or expulsion, shall be determined by the Board.
3. The Board may adopt procedural rules governing matters related to discipline.

## **ARTICLE VIII – DUES AND FUNDS**

  - 4. Ten percent (10%) of the Voting Members of the Society constitute a quorum, for the transaction of business, at any duly called meeting of the Voting Members; provided that if less than a quorum is present, a majority of the Voting Members present may adjourn the meeting to another time without further notice.
  - 5. The act of a majority of the Voting Members present at a duly called meeting at which a quorum is present shall be the act of the Voting Members, unless the act of a greater number is required by law, the Articles of Incorporation, or these Bylaws.

## **ARTICLE X – AMENDMENTS**

- A. These Bylaws may be altered, amended or repealed and new Bylaws may be adopted by the vote of at least three-fifths (3/5) of the votes cast by the voting members present and voting at a meeting, at which a quorum is present; provided, however, that the substance of the alteration, amendment or repeal has been approved by a three-fifths (3/5) majority vote of the Board and submitted in writing to the membership not more than sixty (60) days and not less than ten (10) days prior to the date by which the same is to be considered by the membership.

If any part or portion of these Bylaws shall be found to be unenforceable or unlawful under the laws of a state or of the United States of America, the remaining part or portion which is lawful shall remain in force.

## **ARTICLE XI – USE OF ALTERNATIVE COMMUNICATION**

- A. Unless otherwise prohibited by law, (i) any action to be taken or notice delivered under these Bylaws may be taken or transmitted by electronic mail or other acceptable means; and (ii) any action or approval required to be written or in writing may be transmitted or received by electronic mail or other electronic means.

## **ARTICLE XII – INTERPRETATION**

- A. Any ambiguity, uncertainty, confusion, and/or disagreement regarding the meaning, definition, and/or interpretation of any word, term, phrase, provision and/or section of these Bylaws, shall be resolved and/or determined by the Board in its sole discretion.

The Bylaws were last amended by the membership on October 7, 2017.

## **CODE OF ETHICS**

### **of the International Society of Hair Restoration Surgery**

**PREAMBLE:** Membership in the International Society of Hair Restoration Surgery (“ISHRS”) is a privilege accorded to physicians of the highest moral and professional standards, it is not a right. The ethical principles adopted by the ISHRS define the essentials of honorable behavior for the hair restoration surgeon.

- I. The member recognizes that a greater moral responsibility is necessary in cosmetic surgery than in many other fields because of the often lack of oversight by government and/or peer review and the emotional involvement of the patient.
- II. The member acknowledges that he or she is in a position of trust and will not betray that trust.
- III. The member will not take emotional or financial advantage of patients.
- IV. The member acknowledges that he or she is in a position to affect each patient’s appearance, self-confidence, and possibly the success of the patient for his or her entire life. With every treatment the lifelong effect is considered in light of continuing hair loss.
- V. The member will recommend treatment for each patient as the member would recommend for themselves or another family member under the same circumstances. This does not mean that the treatment cannot be modified to accommodate the desires of the patient.
- VI. Members will maintain truth and integrity in their advertising, always avoiding deceptive communications. If a member promotes a technique or an opinion which is not accepted by the majority of the profession as a whole, the member should acknowledge that this opinion or technique is the opinion or technique of the individual physician and not shared by the profession as a whole. Trademarking and copywriting names for common terms are discouraged.
- VII. Members will not denigrate their colleagues using false or misleading information with the intent of injuring the reputation or business of an ISHRS member or any other physician performing hair restoration surgery by any means, either directly or indirectly to include print, radio, television, Internet advertising, Internet website activity, or any other public statement made by the member or his/her representative. Violation of this code will not be tolerated and is grounds for disciplinary action.
- VIII. A member with knowledge of an illegal or improper act(s) by another physician should report such activity to the appropriate agency.
- IX. A member shall continue to study, apply and advance scientific knowledge. A member shall pass knowledge on to colleagues.
- X. The patient’s confidences shall be kept private. Information will be divulged only with the permission of the patient, except as otherwise required by law.
- XI. Members will adhere to the codes of ethics of medical societies of their respective countries.
- XII. A member shall comply with: (i) all applicable laws; (ii) ISHRS’s policies, procedures and governing documents including ISHRS’s Bylaws, “Red Flags – Misleading & Inappropriate Messaging,” “ISHRS Members Only Logo & ISHRS Meeting Logo Usage Policy”, “ISHRS Membership Agreement”, “ISHRS Position Statement on Qualifications for Scalp Surgery”, and any other ISHRS governing documents including, without limitation, those hereafter adopted by ISHRS; (iii) the ethical codes of the medical societies, associations, and boards to which he/she belongs; and (iv) the medical staff bylaws, policies, and procedures of any facility or institution at which the member provides medical care. The foregoing compliance requirement applies to all amendments and addenda to said laws, policies, procedures, and ISHRS governing documents, and all policies, procedures, and governing documents hereafter adopted by ISHRS from time to time.
- XIII. Violation of this Code of Ethics shall be addressed in accordance with, and governed by, the Society’s Code of Ethics Disciplinary Procedures.

The Code of Ethics was last amended by the membership on October 7, 2017.
